

Ravioli

28.06.2023

As per your recent request for a declaration of Schaltbau Machine Electrics Ltd RoHS compliance. Directive 2011/65/EU published in 2011 by the EU, which is known as RoHS-Recast or RoHS 2. RoHS 2 includes a CE-marking directive, with RoHS compliance now being required for CE marking of products. RoHS 2 also added Categories 8 and 9, and has additional compliance recordkeeping requirements. Directive 2015/863, known as RoHS 3. RoHS 3 adds four additional restricted substances (Phthalates) to the list of six. RoHS 3 Deadline was 22 July 2019, and (DEHP, BBP, DBP, DIBP) come into effect from January 1, 2020.

Devices that used in rail transport and the military area are explicitly excluded, among other things. However, the majority of Schaltbau products are now fully RoHS compliant, apart from a few isolated products for the military area with cadmium and chrome plated surfaces, and some PCBs for the railway area with solder that contains lead. RoHS non-conformity is shown on quotes if applicable.

I can confirm the following product type, supplied by Schaltbau Machine Electrics Ltd to:

Ravioli SpA, are RoHS3 compliant without exclusion.

Client's Product Name	Client's Product Number	Your Product Number
Various	1-2603-*****	Various as selected
Various	1-3603-*****	Various as selected
Various	1-1603-*****	AFS contactor series

Kind Regards
